Grassy Creek Mission Statement

Grassy Creek Elementary empowers children to be lifelong learners and productive citizens in our diverse community.

PRINCIPAL'S POINT:

This week, I want to highlight the digital content platforms that we have available for your students. Your student has access to most, if not all, of these platforms (except Kindergarten): Math - TenMarks, STMath, Compass, and Zearn; ELA - Lexia and Compass. Each of these platforms have ways of meeting your child's needs and I would encourage you to become familiar with the programs your child's teacher is using within their classroom. They most likely will not be using all them so be sure to identify those that they are during the upcoming parent/teacher conferences. These digital platforms are great ways for your child to continue learning even during their two week Fall Break if they have access to a device (smartphone, iPad, laptop, etc.). Who wouldn't want 20-30 minutes of quiet while your children are home all while they are fulfilling their areas of need. :) Be sure to get username and passwords at next week's conference so we can have all 490 students performing at or above grade level expectations in the near future. We are a team and I want to personally thank you for being such a vital and important part of your child's education. TOGETHER, we can help your child succeed!!!

Sincerely,
Lance Schnaus
