

# Does Your Student Need help with Math?

## Are you at a loss for how to help?

### **There are resources available!**

The Internet offers many valuable resources if your student needs help at home, regardless the level of math. Often you can Google a topic but the results can be overwhelming.

### **Here are some of our favorite web tutorial sites:**

[www.Virtualnerd.com](http://www.Virtualnerd.com) – This site offers videos on most math topic from 6<sup>th</sup> grade through Algebra II. It also has some SAT/ACT help. This is one of the first places to look!

[www.khanacademy.org](http://www.khanacademy.org) – This site offers videos on topics from MANY different topics, math as well as other subjects.

[my.hrw.com](http://my.hrw.com): Online textbook includes lessons, interactive practice, and video examples. MS login information: Username: msonline Password: w7r2s

[aaamath.com](http://aaamath.com): Interactive practice sorted by subject and standard

[www.learnzillion.com](http://www.learnzillion.com) – This site also offers videos on many topics!

### **Here are some of our favorite sites for practicing:**

[www.ixl.com](http://www.ixl.com) – This site has practice for Kindergarten through Algebra II. Some students have a log-in, depending on their class. All students could work 20 free questions a day. This is good for work with current material as well as for review on old material they may need help with.

[www.coolmath.com](http://www.coolmath.com) – This site has tutorials (not videos) to work through various topics, as well as math games for all levels.

### **IF you want assistance SPECIFICALLY for MIDDLE School:**

[my.hrw.com](http://my.hrw.com): Online textbook includes lessons, interactive practice, and video examples. MS login information: Username: msonline Password: w7r2s

\*\*\*Note: Several of the high school texts are also available on this site, but there is not a universal log-in. Please contact your student's math teacher for information on the on-line book.

**IF you want assistance SPECIFICALLY for Algebra:**

[www.mathbitsnotebook.com](http://www.mathbitsnotebook.com) – This site provides notes, and then practice problems for students.

[www.usatestprep.com](http://www.usatestprep.com) – Every Warren Central Student has access to this site, with their Warren username and Password. The school ID is WCHSIN. If you have trouble logging in, please contact the Math Department Chair, Jennifer Jensen, at [jjensen@warren.k12.in.us](mailto:jjensen@warren.k12.in.us).

[algebra.com](http://algebra.com): Interactive practice, lessons, and access to free tutors 24/7

**Also, many teachers now have class websites. Please contact your student's teacher to see if they have one available.**

**No Internet? Call 1-877-Ask-Rose – They are available 7-10, Sunday – Thursday.**
