

government

Dedicated to service.

Katz, Sapper & Miller has committed top talent and substantial resources to providing the best, most extensive services for the governmental sector.

Our governmental experience goes far beyond accounting and auditing services. We act as financial advisors to a variety of local governmental units, assisting in bond issuances, cost analysis, attest, consulting engagements, and more.

KSM is well-versed in issues and audit requirements specific to governmental organizations. We've assisted many governmental groups in implementing Governmental Accounting Standards.

OUR SERVICES INCLUDE:

Accounting and financial policies and procedures development and implementation

Audits and reviews of financial statements and other special presentations

Budgets, forecasting, and projections

Business technology services

Capital campaign financial management

Functional cost methods and procedures review

Planned giving consultation

Strategic and organizational planning

Tax planning and preparation

Katz, Sapper & Miller is uniquely qualified to help governmental entities continue their important work. Our experience in a wide variety of not-for-profit and for-profit industries, as well as our size and depth of experience, translate into a very real advantage. Our commitment – both personal and professional – also assures that we can provide highly qualified, knowledgeable guidance on issues unique to this sector.
