Start up to success.

For more than 75 years, Katz, Sapper & Miller has been in the business of serving entrepreneurs. We recognize the risks involved in building a fast-growing company and understand the high premium of innovation and the value of trust in your professional relationships. Our people and their depth of knowledge are how we have been able to help some of the best known businesses grow from start up to success.

INTELLIGENT IDEAS AND PROVEN SOLUTIONS

The automotive business can be both challenging and demanding, dealing with issues unique to your industry. Your business advisor should be there to help manage these challenges, protect your assets and provide innovative tax savings strategies. Our depth of knowledge in tax planning, financial management, and the dealership industry enables us to find solutions others might overlook.

KSM's Dealership Services Group provides progressive tax and assurance services, including:

- LIFO tax planning and calculations
- Dealership sales and acquisition consulting
- Dealership valuation studies
- Cost segregation studies
- Financial benchmarking and performance review
- Expense reduction consulting services
- Internal control reviews
- State and local tax consulting
- Government tax incentives
- Property tax consulting
- Estate planning
- Business succession planning
- Producer owned reinsurance company opportunities

KEEP MOVING IN THE RIGHT DIRECTION

As members of the National Alliance of Auto Dealer Advisors, a group of accounting firms representing more than 1,000 dealerships across the country, we are actively involved and armed with a working knowledge of the automotive industry. Our tax and audit professionals have the highest level of talent and experience and are dedicated to keeping your dealership moving in the right direction.
