## TV Broadcasting and Production (first year - one semester TV, one semester Radio)

*Lights...camera...action! Welcome to the fast paced world of television production. This class will introduce you to the exciting career of video production through the use of a textbook and hands-on-experience. Students will receive experience and training in camera operation, editing with a computer, script writing and many other aspects of video production. Students will use the WCTV studios and equipment to develop their technical skills, as well as, teamwork skills. This class leads students to be eligible to work on the WCTV crew.*
