BULLETIN

Bulletin #1105 – March 4, 2011

UPDATE ON DEALER “M” PLATES

On February 18, 2011 ADAI sent out a bulletin entitled “Dealer “M” Plate Recall. Since then, we have been in numerous meetings with the Secretary of State’s Office and discussed all possible options to keep the “M” plate in force.

DO NOT RETURN YOUR “M” PLATES.

You will receive a letter from the SOS Dealer Services Division in the next few days explaining their policies regarding the “M” plate renewal process. In the future, they may ask you to inventory your plates and their corresponding stickers to double check their database for accuracy. Please cooperate with any requests for information regarding your “M” plates.

While you are always free to contact the SOS Dealer Services Division with your questions, it might be easier for you to send ADAI an email with any questions on the “M” plates. We have likely already encountered your questions. This will also help keep a flood of calls from pouring in to the SOS Dealer Services Division on issues for which we may already have an answer.

Please send your emails to: cindy@adai-inc.org .
