

### Select with confidence...

Fidelis composite wood blinds are custom manufactured to the highest quality standards and backed by a limited lifetime warranty.

### Fidelis Fault-Free Promise

With our Fault-Free Promise you can rest assured that your Fidelis composite wood blinds will not yellow, fade, warp or bow for as long as you own them.

### Made in your own neighborhood...

Designed and crafted in West Lafayette, Indiana by Lafayette Interior Fashions – a family owned and operated manufacturer of custom window fashions for over sixty years.

Composite Wood Blinds

## fidelis

Composite Wood Blinds portray the warm, elegant look of real wood blinds in a collection of white finishes and wood-grain colors. All are ideal for rooms with heat and humidity and offer carefree cleaning and maintenance.

Fidelis Composite Wood Blinds are custom crafted just for you to perfectly fit your window and decorating style. Select from 2" or 2 1/2" slat sizes to balance the lines of your room or window size. A variety of operating systems and design options offer you beauty, versatility and function for unbeatable value.

Lafayette's exclusive Light-Ban® design option, eliminates visible route holes to block out 50% more light, maximizing privacy and light control. The EZE-Clean feature allows each slat to be removed and replaced for easy cleaning.

### Child Safety

Although it's your first priority, child and pet safety is often forgotten about when choosing window treatments. Our Accu-Rise® cordless operation allows you to lower and raise your blinds with the touch of a finger with no worry about children or pets becoming entangled in hanging cords or controls.

If you prefer to raise and lower your blinds with the touch of a button, choose the Auto-Tilt™ battery-powered control for ultimate functionality.
