Child Safety

It's your first priority, but child and pet safety is often the last thing you think about when choosing window treatments.

Manh Truc Woven Shades offer several lifting systems that are especially appropriate for families with young children.

All our roman shades are made with our patented TLC™ lifting system, which completely encloses the rear traveling lift cords inside a protective sleeve. The sleeve is anchored every seven inches to confine the cord and eliminate the possibility of dangerous cord loops.

Our optional TLC with CareRING Cordless Lifting System is available for additional child safety precaution.
