Smart
and
Stylish!

 LAFAYETTE
interior fashions™

It's something all together different!

It's not a shade and it's not a sheer;
yet it raises, lowers and offers an almost endless
variety of light control and viewing options.

DRAMA

Go from absolute privacy to softly filtered light or full on sunlight in just a matter of seconds. These transitions of light are created with dual layers of horizontal fabric segments alternating between sheer and semi-opaque or opaque fabric.

FUNCTIONALITY

Allure Sundown® Transitional Shades are a perfect example of brilliant function and great personality! Pair your Allure Transitional Shades with a complementary or contrasting hue of Sundown room-darkening fabrics to transform your shades from light-filtering to total room.

Fitting

Allure Transitional Shade fabrics can be custom formed into a fixed open or fixed closed position to fit your arch-shaped windows.

Fundamentals

Caring for your Allure transitional shades is a breeze with an occasional feather dusting or light vacuuming at a low setting.

To help protect children and pets, a Cord Tension Lock is attached and color coordinated to the operating bead chain. This cord lock must be secured to the wall to provide the necessary tension for the shade to operate.
