

## Child Safety is Serious Business

Although it's your first priority, child and pet safety is often forgotten about when choosing window treatments. Parasol Cellular Shades offer several lifting systems that are especially appropriate for families with young children.

## Select with confidence...

All Parasol Cellular Shades are custom manufactured to the highest quality standards and backed by a Lifetime Limited Warranty.

## Made in your own neighborhood...

Parasol Cellular Shades are designed and crafted in West Lafayette, Indiana by Lafayette Interior Fashions – a family owned and operated manufacturer of custom window fashions for over 60 years.

cellular shades

In all of the best products, beauty and function are intertwined. Parasol Cellular Shades begin with beauty. A wide selection of fabrics in today's fashion colors are offered in a variety of cell sizes, configurations, opacities, textures and color for the ultimate in energy efficiency and light control.

## ***Energy Savings***

Uncovered windows account for solar heat gain in the summer and thermal heat loss in the winter. Air trapped inside the cells of Parasol Cellular Shades provides a natural barrier to the outside elements to help you to manage your energy costs and look good doing it.

Multi layered cells increase insulation and color saturation. Choose from double or triple cells to fit your needs and your window requirement.

## ***Simple Solution for Extra Large Windows***

Selecting shades for large windows can be a real challenge, but Parasol Cellular Shades can accommodate the larger than life windows in your world. While you can select any cell size, the generous proportion of our 1 ¼" cell size provides perfect balance for extra large windows.
