STONYBROOK PRINCIPAL, Nathan Day

Welcome to Stonybrook Middle School! The Red Storm team of highly dedicated educators is honored to partner with our families as we work with each student to provide engaging instruction that is tailored to individual needs. By implementing a Blending Learning strategy, via the innovative utilization of technology, we are able to create personalized learning plans for each student.

POSTIVITE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

- Creates climate to support student learning based upon the Warren Township Districtwide values of Civility, Order, Respect, and Excellence (CORE).
- Cultivates positive relationships between students, staff and administration
- In March 2016, our PBIS program was recognized as a Promising practice by the Indiana DOE.

TESTIMONIALS

"Stonybrook Middle School really is a family. Teachers, students, administrators, parents, and community members -- together, we make one of the greatest families of which I've ever been a part. We learn together; we grow together. We reflect, and we problem solve. Leading by example, modeling excellence, pushing each other forward - all with some laughs and smiles in between. From the football stands to the classrooms, from the bus stops to the cafeteria, we aim to be the pride of the east side. Our focuses are all aligned in the future of Indianapolis youth. Nothing can stop a Red Storm that is a diverse group with one common goal."

Warren Township 2016 Teacher of the Year, Samantha Powers

"I am a proud single parent of three outstanding Warren Township students. We are honored to be part of the Stonybrook Family in Warren Township. We have experienced over 4 years of the best a middle school can offer to both parents and students. Being a realtor here locally and living in Warren Township has allowed me to be involved at every level with my children's activities and to establish a good relationship with the wonderful and caring staff at Stonybrook. I love the great communication that Stonybrook provides to the families. It is absolutely true that "STUDENTS DO BETTER WHEN PARENTS AND TEACHERS WORK TOGETHER AS PARTNERS" . . . and at Stonybrook I was definitely part of the team!"

Kim Cannon, WC Parent and Former Stonybrook Parent
