# A Note from the Principal

Dear Lowell Families,

Thank you to all of our families who came to STEM Night last evening! Students had a great time with Bricks for Kids Legos, our robots, building volcanoes, and so much more!! It was a great night of fun and learning!! A special thanks to all our robotics team and science club for helping out!

The Warren Township District Art Show opens next week and runs from Monday, May 8 - Friday, May 12. The Art Show is held at Porter Service Building at Post and Rawles and is open from 7:00am - 7:00pm. Our Lowell students will have some artwork on display as well as students from other Warren schools. Make sure you stop by!

This past week was Staff Appreciation Week, and I want to give a shoutout to our awesome Lowell Staff! Our teachers and support staff are the BEST!! They work tirelessly for our students and always put their best interest at the forefront! I am so grateful for the opportunity to work with such a dedicated and committed community of educators!

I also want to give a big cheer to our 3rd and 4th grade students for the completion of ISTEP! Our students worked so hard and put forth so much effort to do their personal best on these assessments! I am so proud of their hard work and appreciate their efforts during testing time!

While we are approaching the end to another school year, we still have much to do! Teachers are continuing to work with students on lessons, projects, and end of year assessments that are important in preparing students for their next grade placement. We appreciate your support in reminding students of the importance of staying focused over the next few weeks and continuing to finish strong and do their personal best every day!

Have a great weekend!

Mrs. Griffin

**PROMOTIONS AND RETENTIONS**

During this time of year, we are once again reminding students of the importance of hard work and citizenship at Lowell. Decisions will be made during the next few weeks, regarding grade placement for next year. Grade placement is based on many factors, such as academic achievement, work habits, attendance, age, and physical and emotional development. Students will normally progress from grade to grade after demonstrating that they have met academic requirements. A pupil's parent or guardian will be asked to participate in a conference regarding progress and grade placement if retention is being considered. Final determination of a student's promotion or retention will be made by the professional staff of the school.

If your contact information has changed please help us by contacting the office at 317-532-3900 so we can update records! If you have recently moved please provide a copy of your current lease/ mortgage statement and utility bill to the office. This will help make a smooth start to the 2017-2018 school year!
